## MEN MEET TO TALK NEW HOTEL

The business men met last Thursday evening and discussed the advisability of erecting a new hotel. Much enthusiasm was displayed and there seemed to be a united feeling that this city must have a new building at any cost. A committee of five was appointed to canvass the business men and see how much can be raised to form a stock company. Many valuable suggestions were given which will be of value to the committee and promoters in developing their work. The slogan seems to be Rhinelander must have a new hotel. H. J. Hien or Wausau was present and boosted to the proposition. Mr. Hien has had many years' experience as a hotel man.

Mrs. M. McEachon entertained at luncheon Tuesday at her home, the corner of Alban and Fredrick streets, about thirty-five guests, for Mrs. Dr. O'Brien of Ashland.

Mrs. H. M. Sanford arrived in the city Thursday to visit her daughter, Mrs. E. H. Rogers. From there Mr. Sanford goes to the Soo to visit another daughter.

## ADDS ANOTHER SCALP TO BELT

Rooney Again Pitches Superb Ball—  
Rhinelander Downs Ironwood  
15 to 2

As was predicted by Manager Deibel, the hardy miners from Upper Michigan, were gracefully lowered down into the shaft of defeat, when his fast aggregation of gingerly ball tossers, who are making base ball history for Rhinelander, achieved a notable victory over Ironwood last Sunday, by the one sided score of 15 to 2, illustrating the complete reversal in playing ability of the respective teams from that of the year of 1909. In a measure, the result of the game, atoned for the past, by virtually wiping away in the memory of the local "fans," the sting of that 29 to 0 score of last season. For 3 1/2 innings, it was a grand contest, neither team showing any marked superiority over the other and characterized by splendid pitching, speedy accurate fielding on the part of both teams, while from the spectators' point of view, was destined to become a heart rending struggle extending into extra innings. Up to that period only Kalkiner for Ironwood, had gotten on base, when he doubled to left in the first inning, while Bies for Rhinelander, hit safely over second in the initial round. Both were left on bases. In Rhinelander's half of the fifth, the tension was relieved and all doubt as to which was the superior team was quickly dispelled. For an opening wedge Jastram, who has mastered the knack of hitting the ball where nobody is, singled safely over second after Rooney had been retired on strikes. Kramer popped to Bayliss in attempting a sacrifice. Sohr, who carries the reputation for starting something or another when least expected, grounded a teasing roller to L. Jacquist at second. who momentarily juggled the ball arriving safely at first in a close, but doubtful decision. Jastram raced to second. Hutchinson sent the wedge deep, down into the heart by pounding the ball to right field for two bases, counting Jastram and Sohr. Poller lifted a fly to third, which was miserably dropped, "Hutch" leaving second the moment the ball was hit; as two men were out and scoring on the error. Ryan drove the wedge completely home by chasing Poller across the plate with a superb swat to left center for a triple, registering himself on an error of short while attempting a relay of the ball. Bies fanned. 5 runs.

After Ironwood was retired in one, two, three order in the sixth inning, Bies for Rhinelander, flied to center. Post hit safely fast short, Rooney bounded to third, who fumbled, Post taking third. Rooney stole, Jastram singled to right, Post scoring, also Rooney. Jastram stole second and came home on Kramer's grounder to second, which the latter missed. Sohr Texas Leaned to right and Hutchinson delivered a single to center, Kramer was nipped at the plate. Sohr counted on Poller's grounder to short and an error of catcher Richards. Ryan also hit to short, bringing "Hutch" home, Richards repeated.

Bies sent one to the same weak spot at short, Poller eliding to the counting station. Post lined the ball to left for three sacks, Bies easily scoring the eighth run. Post out at attempting to stretch the drive into a homer. Eight runs.

Two additional runs were made in the eighth on Rooney's terrific triple clear to the race track, an error at third from Kramer's bat and Hutchinson's third hit, which scored Rooney and Kramer. Two runs.

Ironwood counted in the sixth inning on an error of Bies at first, the sole miscue; a single past second and a wild pitch. Rooney struck out two men in this inning, and twelve batsmen for the game.

A base on balls in the ninth inning blossomed into a run, when Bayliss sent the ball over Poller's head for two bases. A fly to left, a strike out after Rooney and Ryan found Bayliss fast asleep at the middle cushion, retired the side. The game was again featured by the unassuming Rooney's clever, effective pitching. The visitors were allowed but three hits during the game by Manager Deibel.

## RHINELANDER CREAMERY AS BUSINESS FACTOR

Extent of Shipping Interests—Import  
tant Help in Building Up Farm-  
ing Interests

Northern Wisconsin is known as the land of the red clover and is destined to become the greatest dairy producing district in the U. S. Since the Rhinelander Creamery began operation here a few months ago, they have built up a splendid business. During the month of May they had shipped to them in round figures 50,000 lbs. of cream and made almost 21,000 lbs. of butter, or over 10 tons of butter.

The Soo line furnishes them a through refrigerator car every week that carries their butter direct to New York and Philadelphia where they are disposing of the bulk of this product. They also make local shipments to Ashland, Ironwood, Escanaba, Sault Ste. Marie and various lumber and iron towns in northern Michigan.

Some idea of the volume of their cream shipments may be known by the fact that their daily express bill runs from \$12.00 to \$18.00 per day. They have farmers shipping them from as far West as the Minnesota state line—from such towns as Osceola and St. Croix Falls and as far south on the Northwestern line as Tigerton and Marion.

Extensive improvements have been made at the Creamery. A refrigerator room has been built and much new machinery has been added, among which is a modern ice cream making machine that has a capacity of 60 gal. of cream per hour. This new method of freezing is very interesting as the entire body of the machine is of glass and the process of freezing is in full view. Their ice cream is being shipped as far south as Marion, Mattoon and Cranston and west on the Soo to Ladysmith.

Their Rhinelander brand of creamery butter and Rhinelander brand of ice cream is being distributed over considerable territory and is a direct advertisement for Rhinelander as a producing point for dairy products. A successful creamery here means much for the future of our town. We eventually must look to the settling up of our cut over lands and a good creamery is the very best inducement for our farmers. It is to the direct interest of every business man to encourage the development of our local creamery and our farming interests.

## WEST BOUND SOO ENGINE COLLIDES

C. & N. W. Cars Break Loose From  
Freight Train. Flat Cars Derailed.  
Pilot of Engine Smashed.

As the west bound freight train was about to leave this city last Friday afternoon, it met with what could have been a more serious wreck at the Chicago & Northwestern crossing, when the Soo engine No. 456, collided with two moving flat cars of the C. & N. W. railroad. One of the flat cars was totally derailed, while the other was put out of commission. The damage done to the Soo engine would undoubtedly have been considerable had the flat cars been loaded, but as it is, the pilot of the engine is the only part which was smashed.

Immediately after seeing the moving cars, which had in some way been detached from the C. & N. W. freight train, while switching in the yards, Engineer Phil Hufford threw the brakes, and with Fireman Peter Cannon and Conductor Schellenger leaped to the ground. This jump might have resulted in serious injury, as the track lies some fifteen feet above the level. With the exception of Conductor Schellenger receiving a bruised limb, no one was injured.

## Children's Day Exercises

Children's Day exercises will be held at the Congregational church next Sunday morning at 10:30. The services will consist of specially prepared songs by chorus children's voices, and a short address by the pastor. Cordial invitation is extended to the public. All children of the Congregational S. S. are requested to meet at the church at 7 o'clock Friday and Saturday evening for the purpose of rehearsal.

## HIGH SCHOOL BANQUET SUCCESS

Fifty Alumni Present. Inspiring Toasts  
Given By President and  
Others.

The closing exercises of the school year 1909-1910, ended with a banquet at the Congregational church parlors Monday evening, gotten up by the juniors and some of the High school teachers. All who assisted in making this splendid feature of the school year a success are entitled to much praise for there is nothing which brings all graduates together and creates a better spirit more than the alumni banquet.

While the banquet of Monday night was not so well attended as it should have been, there was the right ring to it and a strong school sentiment for its continuance.

After the repast a business meeting was held at which Miss Grace Lilly was elected president, George Wilson secretary and Miss Lillian Foster was chosen treasurer, and an annual due of twenty-five cents a year was voted to be paid by each alumnus.

After the business meeting bright toasts were given by Miss Lillian Foster as president, Mr. Harrison, Miss Baniche Constant, Ray Slossen, Marguerite Macdonald and Mrs. J. E. Ray. Ray Marks acted as toast master. In a droll way Mr. Marks' remarks were very apt. The literary program was interspersed with pleasing musical selections as follows: Instrumental solo; Edna Gleason; piano duet, Mrs. Harrison and Mrs. Hampton; vocal solo, Mr. Whitcomb, and two numbers by the male quartette, Messrs. Tompkins, Harrison, Whitcomb and Arnold.

Miss Helen Lewis kindly consented to give a recitation which was well rendered. The banquet then closed with a feeling on the part of all present that the banquet of 1910 had been made a success under many difficulties.

The following was the president's address of welcome by Miss Lillian Foster: Fellow Alumni of the Rhinelander High school:

As president of this Association it devolves upon me to welcome you all as we gather around this banquet table for our annual festival. I assure you that I regard it a privilege to extend this welcome. And especially do I take pleasure in extending a most hearty welcome to the members of the class of 1910. Probably you as a class are more largely represented here tonight than you will ever be at future Alumni banquets. It is more than likely that the commencement time a year hence will find you more or less scattered, and that only a portion of the class will gather round the annual board in future years. We assure you that we Alumni are proud of you as a class, both as to numbers and quality. No one of you would we debar from the rights and privileges of alumni of the Rhinelander High school. It is none too much to say that you are as well graduated and compare very favorably with graduates of past years. If we older members of the Alumni Association were called upon to name one member of the class of 1910 as worthy to be enrolled as an alumnus, we would be in the same predicament as a little girl pupil who spelled the word "rabbit" with two "t's". Her Miss Bessie Knapp's subject "Education" told her to leave off one of the "t's". The little girl said "Yes'm so directly to our future needs that we think it best to print it in full. The music by the trio, also by the seventh grade chorus were both excellent. Superintendent Harrison is a forceful and direct way made a few remarks in presenting the diplomas that will make good food for reflection by some of the parents. After the presentation of diplomas benediction was pronounced and the curtain dropped on the work of the class of 1910.

At this time I would like to emphasize the fact that as soon as a pupil graduates from the Rhinelander High school he does not sever relations with his Alma Mater, but rather enters into more vital relations. This thought was brought out in the baccalaureate address a week ago. Let us remember that in years to come, people who want to determine what kind of a High school we have in Rhinelander should not only visit the school and take note of the character of the teaching, and the equipment of the school in the line of buildings and apparatus, and note the character of the pupils, but they more of here in Rhinelander.

## YANKEE ROBINSON CIRCUS SHOWS TO LARGE CROWDS

A Good Clean Moral Show With So-  
Excellent Features.

The Yankee Robinson Shows brought out a big crowd Tuesday. From the time of the creditable street parade at noon until the close of the evening performance, great interest was shown. The fact that the tent was packed for the evening exhibition, gave evidence that those witnessing the afternoon show had given it a good advertisement.

It is a clean, up to date performance in every respect, consisting of two rings and platform between which all sorts of acrobatic, trapeze, and tumbling acts were accomplished. In these feats they were equal to the best. The Japs, too, were high grade performers. The days attracted considerable attention and were a centre of interest. But the display of horses was the crowning feature. Seldom is seen such a collection of fine and well groomed horses. In their special tent they showed up in fine style and made an interesting sight.

The entire circus company gave evidence of good business management and was lacking in the rough and coarse element which as a rule is an accompaniment.

## BOUND OVER TO CIRCUIT COURT

James Phillips, who is supposed to have shot and instantly killed Roy Boreman at Woodruff last week for wrecking his home, was in the city Monday, with his attorney Judge Ames. Phillips was bound over to circuit court on a charge of manslaughter under heat of passion with out design to affect death. The accused seems to have the deepest sympathy of the community where all the facts are known. The best people from Woodruff and Minocqua were glad to sign his bonds.

As Mrs. Phillips has left Woodruff, As Mrs. Phillips has left Woodruff, it may be difficult to secure any witness against Phillips. The penalty for the charge is from two to seven years at hard labor in state's prison but under the circumstances Mr. Phillips will without doubt, be acquitted.

## CLASS OF 1910 GRADUATE FRIDAY

Interesting Orations Interspersed  
With Good Music Were the  
Features.

The graduating exercises of the High school were rendered last Friday evening before a full house of interested auditors. The subjects were well chosen, and in nearly every case were well worked out. Much care had been used in drilling for the occasion and pupils and teachers are entitled to much credit for the showing made at the final exercises of the class of 1910. It is not our intention to compare the relative merits of the various participants for all are not equally endowed for public speaking but the class did well as a whole. A most practical and interesting subject, quite different than the ordinary graduation oration "Wireless Telegraphy" was given and in a simple way demonstrated by George Wilson. Had we the cuts we would be glad to print this oration. Her Miss Bessie Knapp's subject "Education" told her to leave off one of the "t's". The little girl said "Yes'm so directly to our future needs that we think it best to print it in full. The music by the trio, also by the seventh grade chorus were both excellent. Superintendent Harrison is a forceful and direct way made a few remarks in presenting the diplomas that will make good food for reflection by some of the parents. After the presentation of diplomas benediction was pronounced and the curtain dropped on the work of the class of 1910.

### FROM NEARBY TOWNS

**Antigo**—The body of Delos Martin, a nephew of Mrs. James Steber of this city and who lost his life with Louis Schaefer a few weeks ago by falling from a canoe while crossing Chequamegon bay near Ashland, was found Sunday morning at 11 o'clock. The body was found by the boy's father, H. D. Martin, and it was being washed in by the water at the head of the bay. Mr. Martin has been attending to his duties as engine inspector on the Northwestern nights and has been searching practically continually every day since his boy was lost, hoping to find the body somewhere along the bay front, and yesterday his constant search was rewarded. The funeral was held in Ashland in St. Agnes' church. In the morning at 9:30 a requiem mass was conducted at the church for the boy.

**Merrill**—Fifty young ladies and men received their diplomas of graduation from the Merrill high school at the commencement exercises Friday evening at the Badger Opera House. Before presenting the certificates Supt. Roberts gave them a brief address. The feature of the evening's

exercises was the address, "Making a politician" by Prof. Elliot. The talk was delivered in a most pleasing and instructive way. Many points were made clear in the channels of education and he explained some of the ancient and medieval ways of learning, comparing them with the present systems.

**Clintonville**—John Ballantyne, former Appleton young man, now science teacher in the Eau Claire high school, has been elected head of the New London schools at \$1200. Ballantyne is a graduate of the Appleton high school and Lawrence college.

**Iron River**—Mrs. F. Berube of this city, received word last week of the tragic death of her nephew, Francis Meyer, a lad 15 years of age, at Marinette, this state. The lad was playing in the lumber yard of the Republic Lbr. Co., with some companions and had climbed to the top of a lumber pile, here he could reach electric light wires which passed over his head. Not realizing the danger, the boy took hold of two live wires and death was instantaneous. The unfortunate lad's brother and mother witnessed the accident.

**Green Bay**—Rev. M. J. Ryan, pastor of St. Francis church of De Pere, while meeting with the trustees Tuesday night at his home, died of apoplexy, falling from the chair in which he was sitting.

**Marinette**—H. W. Valentine, aged 22, Chicago, a senior of the Armour Institute of Technology and a member of the party of engineering students, now in camp at Temene Dam on the Menominee river, was drowned late Friday afternoon just above the dam.

**Marinette**—For the first time in the history of Marinette more boys and girls will be graduated from Marinette High school. There are thirty boys and twenty-four girls in the graduating class this week.

### SCARED INTO SOUND HEALTH

Mr. E. F. Keley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley's Kidney Pills and after taking them a few weeks the headaches left me the action of my bladder was again normal, and I was free of all distress."

### DEATHS

**Ray O'Neill**, son of Daniel O'Neill of this city, aged 16 years, died of Pyemia in the Presbyterian hospital at Chicago, on Saturday, after an illness of about a week. Since the death of his mother, some twelve years ago, the boy has made his home with relatives in Hennepin, Ill. The remains arrived Sunday morning accompanied by his father, D. O'Neill. The funeral services were held Monday morning at St. Mary's church. Rev. Father McCann officiating. Surviving the deceased are three sisters, one brother, and father. Henry and Rose O'Neill of Hennepin, Ill., were in attendance at the funeral.

**WHAT A SUMMER COLD MAY DO**  
A summer cold if neglected is just as apt to develop into bronchitis or pneumonia as at any other season. Do not neglect it. Take Foley's Honey and Tar promptly. It loosens the cough, soothes and heals the inflamed air passages, and expels the cold from the system.

**KNIGHTS MEET AT WAUPACA**  
The 1910 annual meeting of the grand lodge, Knights of Pythias, will be held at Waupaca, Tuesday and Wednesday, June 21 and 22.

## ADDS ANOTHER SCALP TO BELT

Rooney Again Pitches Superb Ball—Rhinelander Downs, Ironwood 15 to 2

(Continued from 1st page)

Hel's star, against twelve safeties by the locals off the Bayliss brothers. F. Bayliss, will be remembered as the man who came from Pardeeville with his brother last season, forming a battery for Rhinelander in a game with Antigo. A rather expensive experiment at the time.

Jastram committed a bold robbery in the fourth inning, when Halkener stung a hopper down the left field foul line, which was labeled for extra bases. "Bill" pounced on the ball like a terrier and whipped the sphere to Bies, getting the runner by a step. It was easily the prettiest fielding feat of the day.

J. Ballless was caught napping off third in the sixth inning and was run to death between third and home, he was very properly declared out by Umpire Lytle for interference when he prevented Jastram from receiving Post's throw, for the out.

Next Sunday, Rhinelander plays at Ironwood. Many of the "faithful" plan upon accompanying the team and rooting for the success of their favorites.

### HARPER-HALCOMB CASE

Dr. Hogan Summoned to Milwaukee At a Witness

Dr. J. M. Hogan has returned from Milwaukee after having been summoned there as witness to testify as to the condition of Chas. Harper, of Mercer, vs. M. E. Holcomb of Milwaukee. Harper was shot by Holcomb while hunting deer Nov. 15, 1908. He was treated in the hospital for months, and as to remedy was available, he became crippled for life. Mr. Harper is suing Holcomb for the amount of \$25,000.

### WEDDINGS.

Purdy-Iverson

Miss Nellie Iverson, a daughter of Mrs. Sophie Iverson, 401 S. Pelham St. time being and a few days later was married to Mr. A. B. Purdy on Saturday evening at 8 o'clock at the Baptist parsonage. The mother of the bride and sister, Miss Winnie, where she has been working and supervising the only ones present, and the service was read by Rev. B. L. Bergstrom.

Miss Iverson is a well known and well liked young lady and Mr. Purdy bookkeeper for the Rhinelander Refrigerator Co., is deservedly popular among all who have his acquaintance. The young couple left the same evening on a short wedding trip in the southern part of this state. They are now at home to their friends at 406 South Pelham St.

Meschnick-Belanger

At eight o'clock Tuesday morning Rev. Father McCann united into the holy bonds of matrimony, at the Catholic church, George Meschnick of Eau Claire, and Miss Ellen Belanger of this city. They were attended by Miss Emma Desmore and a cousin of the groom. Mr. Meschnick and bride will start housekeeping at once at his home near Wausau.

Those who attended the wedding from out of town were the Misses Rose and Minnie Belanger of Superior, Mr. and Mrs. Charles Langley of Minneapolis and Mr. and Mrs. Meschnick, parents of the groom.

### A NARROW ESCAPE

It was a narrow escape that Will Morgan experienced while up the river on Sunday. The craft ran into a snag which finally broke the propeller blades and smashed the shaft box. It was by desperate efforts and the help of another boating party that prevented him from going underneath. Just as the party was about to reach shore the craft sank in the shallow water.

### CANDIDATE FOR

## DISTRICT ATTORNEY

Oneida County

CHAS. W. FRICKE, Rhinelander

Republican Ticket—Primary, September 6th.

### FROM OUR EXCHANGES

Mrs. O. A. Dock and children left for Rhinelander, Thursday for a visit. —Forest Republican.

The city bridge crew has completed laying the roadway across the river bridge and is now engaged in laying new sidewalks across the same. It will be necessary to lay new stringers and new planks on either side. The south walk is now nearly completed and the north side will be finished next week. The work was done under the immediate charge of Chas. Packard. —Stevens Point Journal.

Harry Schuler, one of the local delegates to the Elks' convention in Neenah-Menasha, reports that Wausau will get the 1912 state convention of that order. Green Bay got it this year. It had opposition from three cities—Wausau, Sheloysan and Appleton. The Green Bay delegates made a proposition, as Mr. Schuler said, to the Wausau delegates that if they would support them in their efforts for the 1911 meet, it would return the favor in the following election of the convention city. Green Bay plans to hold the U. C. 1. and Elks' conventions jointly. Robert Kickbusch of this city was honored with election to first state vice president. —Wausau Republican Herald.

Three prisoners awaiting trial at the June term of circuit court which convenes in this city next week, broke jail during Monday night. Julius Bollinski, who was charged with having burglarious tools in his possession, and has served four terms lame back. I tried several remedies, but found no relief until I began taking Doan's Kidney Pills, procured from Reardon's Drug Store. ### NO REASON FOR IT.

When Rhinelander Citizens Show the Certain Way Out

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of diabetes of any kidney ills when relief is so near at hand and the most positive proof given at that they can be cured. Read what a Rhinelander citizen says: "John J. Hickey, Kemp St., Rhinelander, Wis., says: 'About two years ago my kidneys became disordered and I suffered a great deal from a session, and has served four terms lame back. I tried several remedies, but found no relief until I began taking Doan's Kidney Pills, procured from Reardon's Drug Store. After that my condition improved steadily and I have had no kidney trouble since. For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States. ### Application for License

To the Town Board of the Town of Pelican:

I hereby apply to you for a liquor license for the sale of intoxicating liquors in your town. My place of business will be at the SW 1/4 of Section 5 T. 36, R. 9 east known as the Fair Grounds Saloon. I offer for sureties, Chas. Nichols and Otto Krantz. RAY FORD.

### Application for License

To the Town Board of the Town of Pelican:

I hereby apply to you for a liquor license for the sale of intoxicating liquors in said town. My place of business will be at the NW 1/4 of Section 18, Town 36, R. 10 east. I offer for sureties Jos. McNabb and Andy McNabb. WM. McNABB.

The Conservation of Nature's Resources

Applies as well to our physical state as to material things. C. J. Budlong, Washington, R. I., realized his condition, and took warning before it was too late. He says: "I suffered severely from kidney trouble, the disease being hereditary in our family. I have taken four bottles of Foley's Kidney Remedy, and now consider myself thoroughly cured. This should be a warning to all not to neglect taking Foley's Kidney Remedy until it is too late."

### Acute Pains

"I suffered much pain in my right arm—rheumatism—took two of the Anti-Pain Pills and the pain was gone. Gave a lady friend, suffering from pleurisy, two and they relieved the pain in her breast."

I. A. GFELL, Cincinnati, Ind.

Because of their sedative influence upon the nerve branches

Dr. Miles' Anti-Pain Pills relieve acute pains of any nature. They are equally effective in neuralgia, rheumatism, sciatica, locomotor ataxia, or the pain due to spinal trouble. Ladies who have periods of suffering find that they not only relieve their distress but their attacks become less severe, and after a time often disappear altogether.

The first package will benefit; if not, your druggist will return your money.

Citizen of Wisconsin, have you seen, or heard of Uncle Ike in any of the discussions on the Rat Bill? Not a peep! While La Follette has been working early and late to protect the people's interests in this measure, Uncle Ike has been busy presenting Taft with a cow and canning all the patronage in sight.

The Ashland Daily Press which was recently purchased by City Superintendent Hooper of that city has made a right about face and is no longer reactionary but progressive in its policy. It is exactly what was expected; we venture ninety per cent of the school men of the state are progressives. They are educated along ethical lines.

Every stalwart you meet will tell you that the recent pow-wow was the most enthusiastic gathering he had attending for a long time. Well the stalwarts have had little opportunity of getting enthusiastic for some nine years so perhaps we can excuse them. However the poor attempt to get enthusiastic last week was a pitiful sight to a Progressive. Brother stalwart, if you want to see deep seated and genuine enthusiasm, be sure and attend the first speech that Senator La Follette makes in Milwaukee the coming summer. There will be enthusiasm that is enthusiastic.

The stalwart idea of popular government is typified in the selection of delegates to the recent stalwart pow-wow in Milwaukee, by a few of the leaders. It is so convenient when two or three representatives of special interests can choose the delegates from each county and thus prevent the danger of having as a delegate anyone who might think for himself but will insure the presence of delegates who will always vote as the "leader" dictates. Such a "convention" is always harmonious. Will one of the brethren who was at Milwaukee kindly inform us of what real action he took which was not suggested by the "leader."

Rhineland and Oneida county were no exception to this state-wide method of governing the caucus by the few. If you doubt what we say read what Editor Hooper of the Minocqua Times writes regarding it:

Dear Sir:—  
Wasn't that gum shoe convention at Rhineland pretty "rotten"? I always prided myself on being a good stalwart but must have been mistaken, as I knew nothing about it until ——— told me he was a delegate to Milwaukee, and him a Democrat as long as I have known him.  
Yours truly,  
CHAS. W. HOOPER.

#### OBJECT TO DOCTORS' SCHEDULE.

Since the new schedule of the local doctors as printed in the New North a short time ago, at the order of Doctor C. A. Richards, increasing the price of medical services in this city from twenty-five to a hundred fifty per cent, there seems to be much dissatisfaction among the masses. Some wish to import a doctor into the city and pay a fixed monthly amount for medical services as they do in northern mining towns. The North is not stating its own views in this matter at present but is simply expressing a sentiment which seemed quite common.

#### PROGRESSIVES MUST BE UNITED.

The stalwart conference which was held in Milwaukee last week gave ample evidence of the fact that unless the progressives are united on primary election day, they will lose all they fought for and gained in the last decade. The eyes of the nation are upon Wisconsin, the pioneer of representative government. Men who for years have waged the people's fight must be supported. It is not so much a question of electing these particular men, but the principles they stand for must prevail. If Wisconsin rejects such men as La Follette and McGovern, the news will flash across the country that this state was not sincere when it threw off the yoke of corporate control. Can the men

who work for wages or the moderate well-to-do citizens afford to take a chance with men who boldly assert that the present tariff is not high enough and whose sympathies are against the people?

No millionaire can be expected to sympathize with his less fortunate neighbors. His inclinations and interests are diametrically opposed and no good will result in putting him in a position to work against the common welfare. Let progressives unite and the result will not be in doubt.

#### MADISON LETTER.

MADISON, JUNE — The much-talked-of "Taft Convention" has gone down to history and adds one more attempt to the many gone before, of the interests to control the government of Wisconsin for their private benefit.

One need but study the history of the men who engineered that meeting to be convinced that it was not held in the interest of the masses or that it in any way reflected public sentiment. The rank and file of the republican party were not consulted. No caucuses were held. The so-called county conventions were composed of men selected by some designated person who was careful to choose only such as were opposed to La Follette. These men in turn appointed the delegates to the Milwaukee gathering.

This Milwaukee meeting, however, is a fair sample of the old party conventions which have been replaced by the primary election. For many years the state was governed by officials who were selected as candidates by rabble gatherings similar to this. A few wealthy bosses, working in the interest of railroad corporations and other special interests, gathered their pliant henchmen, had them listen to eloquent harangues by men selected for the purpose, caajoed them into nominating men whom they had long before selected for the positions, and then sent them home to notify the people who were not represented and had no voice in the convention.

At the legislative session which followed, the members elected were called upon to grant to the railroads and huge lumber interests, which had paid the expenses of the convention and the campaign, millions of acres of land and valuable water power franchises belonging to the state.

As a result of this system, which continued in practice until La Follette laid bare its iniquity and forced the passage of the primary law in 1903, our great university and our eight normal schools are paupers, dependant upon the generosity of the legislature instead of being endowed with the proceeds of the sale of lands and franchises that were donated to the interests which controlled the government.

If the ticket which will be supported by the leaders of the Milwaukee convention is elected, the primary law will be repealed and the state will again be governed by the railroad companies. The ad valorem railroad tax law under which the railroads pay about a \$1,000,000 more taxes than they did when they taxed themselves will be repealed; the railroad commission will be abolished and the passenger fare will be increased from two to three cents.

The Milwaukee meeting was called by E. L. Philipp, the railroad lobbyist who opposed all the laws above mentioned. He is a tool of the trusts. The chairman of the meeting was Levi H. Hancock who rode on a railroad pass when he was attorney general of the state and was dismissed from the position by Governor La Follette for the offence. He accepted \$250 from the Stephenson campaign fund while he was a candidate for the assembly and refused to tell how he used the money. He defeated the prison twine bill which was opposed by a powerful lobby, amply supplied with funds.

THE NEW ONEIDA COUNTY  
COURT HOUSE

Through the courtesy of Mr. A.  
Taylor, chairman of the building  
committee of the Oneida county court  
house, the new New North man had  
the pleasure of being shown through  
the court house, which is now nearing  
its completion. The writer thinks it  
needless to express his sentiments  
regarding the architectural construction  
of this magnificent building.

The people of Rhineland and those  
of Oneida county can well boast of  
having one of the finest court house  
buildings in the state. The building  
committee and those taking personal  
interest in its completion deserve  
words of praise for the good work  
done in furthering its construction.

### SENIOR PLAY PLEASES AUDIENCE

Amateurs Give Good Production And Show Thorough Training And Ability.

The Class Play given at the Opera House, Thursday evening by the Seniors, was a marked success. The parts were well chosen and were carried off in a style that showed both thorough training and a good deal of ability on the part of the actors, who were all amateurs. The play was one with considerable action and was a series of misunderstandings caused by the changing of three hats.

One Sam Selwyn, a married man, during the absence of his wife, committed an indiscretion, in the confusion following, he exchanged hats, which caused him no end of confusion and bringing about a coldness between him and his wife and daughter. Involving his best friend into serious trouble and driving him to the verge of distraction. When the tangle reaches its climax and seems incapable of furnishing more misunderstandings, the owners of "The Three Hats" meet and immediately all is made clear and matters settled. The play is bright and the audience showed its interest and appreciation by frequent bursts of merriment and applause.

### WEDDINGS.

Garner-Vaughan

The marriage of Miss Virginia Vaughan and Dr. Howard Lester Garner, was solemnized last evening, at 8 o'clock at their newly furnished home, 20 N. Stevens St., by the Rev. J. M. Johnson of St. Augustine's church. The bride wore a handsome lingerie gown, and was attended by a sister of the groom, Miss Letha Garner of Wausau. The best man was Clayton, brother of the bride.

# Only Five Days More

When a Store is Always Busy—"Doing Business" is the Trade Phrase—Buying Opportunities Seek It

We are "doing business" and because of this fact we are in a position to buy in tremendous quantities; and because we have a recognized and continuous outlet, many unusual buying opportunities sought us—buying opportunities which any store with years of successful merchandising at its credit would be eager to take advantage of. In fact, they were buying opportunities of such a character that they will not only establish new selling records, but will establish an UNAPPROACHABLE new LOW PRICE record. Its just such conditions, through "Keeping faith with the people," that some visitors have called our establishment a bee hive. Not a bad phrase. For bees are "busy" sure enough and they have system, too. They're always "doing" something. So are we. We're giving you the MOST and the BEST always for the least money.

# Peoples Saving Store

O. A. KOLDEN, Prop.

Only immediate relatives were present.

Miss Vaughan is a daughter of D. H. Vaughan, and has resided in this city for a number of years, having many friends who wish the newly wedded couple happiness.

Dr. Garner, during the past ten years, has been a successful practitioner, most of the time in this city. Doctor and Mrs. Garner have a cozy home on Sternes St., where they are now residing. We wish them success and happiness.

Manville-Keenan

Miss Irene Keenan and John A. Manville were married at 8 o'clock yesterday morning in the Catholic church by Rev. Matthew McCann. The bride was attended by Miss Lucille Mooney and the groom by John McDermott.

The bride wore a very beautiful white, messaline princess gown, while the groom was dressed in convention black. After the ceremony an elaborate wedding breakfast was served at the bride's home, 123 Mercer St., at which immediate friends and relatives partook. After a wedding trip to Milwaukee they will return to this city and commence housekeeping in their newly furnished home on Conro Ave.

Mr. and Mrs. Manville are both known in this place, and their friends extend hearty congratulations and best wishes for a happy and prosperous future.

Remich-Laugesen

A very pretty wedding took place at 9 o'clock this morning at the Catholic church, where Rev. McCann pronounced the solemn words that united Miss Mary Laugesen and Mr. Charles Remich. The bride was attended by Miss Emma Laugesen and the groom by Mr. Laugesen, Jr. The bride is a daughter of E. P. Laugesen, and has a host of friends in this city. The groom is a prominent merchant of New London.

Mr. and Mrs. Remich left on the afternoon train for Ashland and will visit Duluth and several other large cities before their return on about July the 5th.

Those present from out of town were: Mrs. Remich of Green Bay, mother of the groom; Mrs. F. Frickburger of New London, sister of the groom, and the Misses Carrie and Lucy Stevens from Eagle River.

Karl-Seller

Herman Karl, a clerk at the T. C. Wood Hardware Co's. store, will go to Sheboygan tomorrow afternoon, where he will be united in marriage, at four o'clock Saturday afternoon, at the Lutheran church, to Miss Hattie Seller. Only the immediate relatives will be present. After a short wedding trip they will be at home to their friends in this city about June 23rd.

Browne-Christopher

The wedding ceremony of Miss Alice Christopher, daughter of the late Dr. and Mrs. Walter S. Christopher, and Gerry E. Browne was celebrated last night at eight o'clock in St. Luke's Episcopal Church, Evanston. Rev. George Craig Stewart officiating. Miss Mae Browne, sister of the bridegroom, was maid of honor and the bride's attendant. Frederick Christopher, brother of the bride, was best man, and the ushers were Webb Browne, of Rhinelander, Wis.; M. J. Hoyt, of Evanston and Tom Wood, of Rhinelander. The bride's gown was of ivory white crepe meteor with duchess lace and pearl trimmings. She wore a full tulle veil and carried lilies of the valley and white orchids. The maid of honor wore pink chiffon over pink satin, trimmed in real lace and pink rosebuds, and carried pink roses. The ceremony was followed by a reception at the home of the bride's uncle and aunt, Mr. and Mrs. Harold Dyrenforth, 741 Forest avenue, Evanston. The house was decorated with pink peonies, palms and smilax. Mr. and Mrs. Brown will make their home at Spokane Bridge, Washington.—Chicago Record Herald.

The groom is the son of Mr. and Mrs. Paul Browne of this city, and is a young man of rising ability who lived here the greatest part of his life. The good wishes of the community go with the young couple.

B. C. Craner's "Widow McCarty" is easily classed among the few attractions that have earned good money the past season; when so many attractions have not prospered. The piece possesses the attributes that go to make up an entertainment popular with all classes of patrons. The "Widow" is bright, snappy, fast and piquant; and the music is the kind that makes the public appreciate and sit up and take notice. It contains enough musical numbers for two such entertainments. Moved by Ald Pecor seconded by Ald Cain that all the bills as read except those contracted by City officers be allowed in full. Carried all voting aye.

Moved by Ald Cain seconded by Ald Crosby that those bills last mentioned also be allowed in full. Carried, all voting aye as the roll was called.

The following petition was read. To the Mayor and Common Council, City of Rhineland.

We the undersigned property owners and residents on Atlantic street in the City of Rhineland, wish to say that we have no paving on said street and that if said street is properly graded, so that it will slope to the East and then paved with gravel properly rolled it will not cost over \$200.00 and will then be satisfactory to us.

Therefore we respectfully petition you to order such work to be done leaving our curbing as it is and paving said street with gravel. (Signed)

C. P. Crosby and others.

Said petition was upon motion referred to the Board of Public Works and to report on same at next meeting of council.

The following request from Oneida Gas Company was read:

To the Hon Mayor and Common Council City of Rhineland.

Whereas the Oneida Gas Company desires to extend its service to property situated west of the Wisconsin River along Davenport street, we therefore respectfully request to be permitted to suspend a 4 inch pipe line lengthwise of Davenport Street bridge beneath the sidewalk, weight of pipe will be about 8 pounds to the lineal foot and as the bridge is 330 ft long the total weight distributed along the whole length of the bridge will be less than 4,000 lbs.

We beg that this matter be taken up and decided at once that we may complete this work at the earliest possible time. Very respectfully yours,

Oneida Gas Company,  
By E. D. Sterling, Mgr.

Moved by Ald Crosby seconded by Ald Leadbetter that the petition be granted. Amendment by Ald Baker seconded by Ald Cain that the petition be referred to the Board of Public Works and they be authorized to grant same if deemed advisable. Carried, all voting aye.

The following petition was read: To the Mayor and Common Council, City of Rhineland.

Gentlemen: We the undersigned property owners of the 6th ward do hereby respectfully petition you for to repair, gravel and put in proper shape that part of Blackburn street lying between Mercer and Park street. (Signed)

Otto Krantz and others.

Said petition was upon motion referred to the Board of Public Works.

The following petition was read: To the Mayor and Common Council, City of Rhineland.

Gentlemen: We the undersigned residents of the 6th ward do hereby respectfully petition you for to repair, gravel and put in proper shape that part of Blackburn street lying between Mercer and Park street. (Signed)

Otto Krantz and others.

Said petition was upon motion referred to the Board of Public Works.

Common Council of the City of Rhineland that the Board of Public Works be and they are hereby instructed to secure plans and specifications for the improvement of Bairo Ave. from Dahl St. to Phillips St. by constructing thereon a first class macadam roadway with combined cement curb and gutter on each side thereof.

Moved by Ald. Cain seconded by Ald. Hanson that the resolution be adopted as read. Carried, all voting aye as the roll was called.

The following recommendation from A. D. Sutton was read: To the Mayor and Common Council, City of Rhineland:

Gentlemen: I wish to call your attention to the Thayer St. sewer. We find this sewer is not large enough to properly take care of the drainage at storm periods. This sewer is 15 inch from Itives to Frederick St. and 12 inch 10 inch from Phillips St. to Edgar St. I believe a relief pipe of 12 inch could be laid from Frederick to Edgar St. on the west side of Thayer St. outside of curb (except at ends) that would make service alright and protect the tenants from bad water. Respectfully,

A. D. SUTTON.

Moved by Ald. Pecor seconded by Ald. Calkins that the recommendation of A. D. Sutton be accepted and that the Board of Public Works be instructed to advertise for bids for laying of same. Carried, all voting aye.

The following report from the Board of Public Works was read: We, the undersigned members of the Board of Public Works, as per the request of the Council that we secure a settlement with the various undertakers in the city for cemetery lots sold or used, beg to report that the statement turned in to the City Clerk from F. A. Hildebrand appears to be correct as shown by his burial records, his personal check covering the amount due the city.

We also find that Morrill & Barber and P. Morrill have sold cemetery lots and graves to the extent of \$234.00 as per statement attached which amount has not been turned into the City Treasury but H. P. Morrill has promised to turn in the above amount no later than June 15, 1910.

Yours very respectfully,  
Geo. C. Jewell, H. F. Steels,  
Prescott Calkins,  
Board of Public Works.

Moved by Ald. Pecor seconded by Ald. Gilley that the report be accepted. Carried.

Report from the Printing Committee on the proposition for printing of the council proceedings was read as follows:

We, the undersigned printing committee do hereby refer the above proposition back to council without any recommendation. Signed,

Printing Committee.

Moved by Ald. Crosby seconded by Ald. Cain that the proposition of the different newspapers for printing of the council proceedings be accepted. Carried, all the Aldermen voting aye except Ald. Hanson voting no.

The following report from the Board of Public Works was read: To the Common Council, City of Rhineland:

We, the members of the Board of Public Works do hereby respectfully report that the contract for the erecting the Pelican river bridge has been completed and accepted and recom-

ended that the Central States Bridge Co. be paid the City's portion of said contract less the amount spent for repairs on the old bridge during the construction of the new one.

Signed,  
BOARD OF PUBLIC WORKS.

Moved by Alderman Baker and seconded by Alderman Gilley that the report of the Board be accepted and that the Central States Bridge Company be paid the City's portion of the contract less the amount spent for repairing the old bridge. Carried, all voting aye as the roll was called.

The following report was read: To the Common Council,

The undersigned Board of Public Works respectfully report that in pursuance of the direction of the Council, we have instructed the Treasurer to deposit \$25,000 of city funds upon 6 months certificates of deposit in amount of \$500.00 each.

Signed,  
BOARD OF PUBLIC WORKS.

Moved by Pecor and seconded by Hanson that the report be accepted and placed on file. Carried.

Moved by Alderman Crosby and seconded by Alderman Cain that the Board of Public Works be instructed to buy rocks to be used in future street macadamizing and that the price be set at \$4.00 for 15,000 pounds. Carried, all voting aye.

The Mayor made the following appointments to serve as members of the Board of Review for the year 1910. Alderman P. Calkins and J. M. Baker.

Moved by Alderman Pecor seconded by Alderman Gilley that the appointments be confirmed. Carried.

Moved by Alderman Calkins seconded by Alderman Leadbetter that \$100.00 be appropriated for the proper observance of the 4th day of July and to be applied as follows: \$50.00 for music, \$25.00 to secure a speaker for the occasion and \$25.00 for fire works. The Alderman voting as follows: Baker, Cain, Calkins, Gilley, Leadbetter voting aye and Alderman Berg, Crosby, Hanson Pecor and Roepcke voting n. Being a tie vote the Mayor decided in the negative.

Moved by Alderman Pecor seconded by Alderman Cain that the Mayor be instructed to put one extra Policeman to take care of and destroy all

the unlicensed dogs within the City. Carried, all voting aye.

Moved by Pecor and seconded by Alderman Anderle that the Board of Public Works be instructed to clean up and clear from brush and rocks West Davenport street as far as the City limits. Carried, all voting aye.

Amendment by Alderman Pecor and seconded by Alderman Baker that the Mayor appoint a Committee of 3 Aldermen to look over different makes of road-roller and make recommendations to council at the next meeting. Carried, all voting aye. For such committee the chair appointed Alderman Calkins, Leadbetter and Pecor. Upon motion Council adjourned.

GUST SWEDBERG,  
City Clerk.

**BOARD AND ROOMS WANTED**  
Without doubt one hundred and fifty teachers will be brought to Rhineland by the summer school. Many of these will desire either boarding or rooming places or both. To provide for them it is necessary to know the names and addresses of those who will furnish board and room, board only, room only, or who will rent rooms for light house keeping. Terms should be the basis of a week of seven days, and of five days. Drop a postal to F. A. Harrison if you can help take care of summer school students.

ASA M. ROYCE,  
Prin. of Summer School.

**GLAD TO RECOMMEND THEM**  
Mr. E. Weakley, Kokomo, Ind., says: "After taking Foley Kidney Pills, the severe backache left me, my kidneys became stronger, the secretions natural and my bladder no longer pained me. I am glad to recommend 'Foley Kidney Pills.' In a yellow package."

GUST SWEDBERG,  
City Clerk.

**BOARD AND ROOMS WANTED**  
Without doubt one hundred and fifty teachers will be brought to Rhineland by the summer school. Many of these will desire either boarding or rooming places or both. To provide for them it is necessary to know the names and addresses of those who will furnish board and room, board only, room only, or who will rent rooms for light house keeping. Terms should be the basis of a week of seven days, and of five days. Drop a postal to F. A. Harrison if you can help take care of summer school students.

## "EDUCATIONAL FU- TURE" OF RHINELANDER

Bessie Knapp Tells What We Should  
Do To Make Rhinelander An  
Educational Center.

On June 18, 1887, at the present  
site of the High school building in  
the city of Rhinelander, there was  
opened a one room school building,  
and a school was begun with an en-  
rollment of eighteen pupils, and one  
teacher in charge.

From that simple beginning, twenty-  
seven years ago, the public schools  
of Rhinelander have grown to five  
buildings, with thirty-two teachers  
and twelve hundred pupils.

Let us now glance into the future  
and try to foresee, as nearly as may  
be possible, what it holds for us.

First of all let us consider for a  
moment what the factors are which  
contribute to a rapid and lasting edu-  
cational growth.

Among the most important factors  
are the location and size of the city,  
and the character of its inhabitants.

First of all Rhinelander is located  
in the northeastern part of Wisconsin,  
on the Wisconsin river. It is  
the largest city within the radius of  
100 miles. Being the county seat it  
should be an educational center. The  
colleges and universities are at such  
a distance from here that a greater  
number of the pupils after finishing  
their course in the High school can  
not attend them. In this way it is  
made necessary that an educational  
institution should be erected near  
home, and Rhinelander being the  
best situated and the largest city in  
the surrounding country, would it  
not be a wise idea if one was to be  
founded here?

If a college or university were to  
be founded here, people from the  
surrounding towns would be moving  
to Rhinelander, or sending their chil-  
dren here to receive a better educa-  
tion. This would increase the popula-  
tion and the wealth of our city.

The character of the inhabitants of  
a city also affects to a great extent  
the growth of that city in an educa-  
tional way as well as in other ways.  
If the older residents and those  
prominent in educational affairs are  
themselves graduates of some large  
institutions of learning and appreciate  
the value of a liberal education, their  
influence upon the educational affairs  
of their city may be readily  
felt. Rhinelander can boast of  
all of these advantages. There being  
no reason for doubting the possibility  
of Rhinelander becoming the educa-  
tional center, let us see what changes  
may take place.

On returning to Rhinelander in  
about twenty years we see on the  
present site of the old High school  
building, an up-to-date brick build-  
ing. We ask what it is and are  
very much surprised to learn that it  
is the High school building which  
was erected in 1912.

The whole structure is built up  
on a much larger scale. The large  
assembly room easily seats four hun-  
dred pupils. The class rooms are  
larger and rooms are devoted es-  
pecially to domestic science and  
manual training. Domestic science  
should be carried on a much larger  
scale. For instance it would be an  
excellent idea if a cooking school  
were to be started here, and fitted  
up with all of the necessary articles  
required in that course. When most  
girls graduate they know nothing  
whatever about the art of cooking.  
If such a school were to be estab-  
lished, this would not be the case  
and the girls would be more of a  
help at home and would be better  
fitted for other positions.

Manual training should also be  
carried on in a larger scale. Take  
for example some of the larger cities  
such as Madison and see how the  
course in manual training has devel-  
oped there. Manual training was  
introduced into the Madison schools  
in 1902. The first work done along  
this line was in the colored schools.  
People began to take an interest in  
the work and an industrial association  
was formed of over four hundred  
members. In 1906 the board assu-  
med responsibility of the maintenance  
of these courses and the association  
passed out of existence. The course  
gradually worked itself out until the  
work is now given in the elementary  
grades of the schools. If such a  
work were to be done in the Rhine-  
lander schools it would be of  
great importance to the pupils. It  
would help them in securing better  
positions after they finished school.

If a new building were to be erect-  
ed here, it should be two stories high,  
with a well lighted basement, with  
two flights of stairs, five or more  
feet in middle. The doors should  
open outward and there should be  
two fire escapes.

Since more than a High school  
education is essential for teachers  
Rhinelander at the present time is

very much in need of a training  
school. If a training school were  
started in Rhinelander more people  
would be able to attend and in this  
way teachers could be found nearer  
home. Many of the counties around  
here have the regular training  
schools for their teachers and con-  
sequently are better supplied with  
teachers, and from their own towns.  
Such a school is desirable here. It  
would not only supply us with the  
country school teachers, but also the  
grade teachers. There being no  
training school near it would be  
much more economical for those wish-  
ing to attend, and the number would  
increase greatly if such a school were  
to be started here.

An agricultural department would  
also be of much importance to the  
Rhinelander people. As it is not  
the farmers of the surrounding coun-  
try know little about the agricultural  
science, and consequently farming  
is carried on to no great extent. If  
such a department were to be started  
here the farmers near here could  
have the advantage of holding meet-  
ings with the teachers of the agri-  
cultural department and become more  
enlightened along this line. This  
department in connection with the  
others I have mentioned would give  
the girls and boys of our northern  
country a better education along the  
line of agriculture and they would  
be better fitted for the positions  
which they will later take up. There  
are a number of farmers in the sur-  
rounding country and an agricultural  
school would teach the owners how  
to manage them better and receive  
more profit. This would also encour-  
age that occupation, and if more  
farms were started it would increase  
the value of the lands of the coun-  
try and also of the city of Rhine-  
lander many fold.

I have now shown you the various  
reasons why Rhinelander is so much  
in need of a new High school build-  
ing, and also of great improvements  
that can be made and are really nec-  
essary for advancement in the differ-  
ent schools.

Rhinelander will well meet the  
demands of this region when it builds  
a large and commodious High school  
building and equips thoroughly the  
following departments over and above  
what it has now: A suitable teach-  
ers' training department; an agricul-  
tural department to aid in the  
scientific development of our agricul-  
tural resources; a more extensive  
manual training and domestic science  
department. None of these can be  
adequately handled in the present  
cramped quarters. But with a new  
building the High school could easily  
be made the equivalent of a small  
college which would to a great ex-  
tent satisfy the demands of the re-  
gion and prove an investment of  
everlasting good to the people.

## HIGH SCHOOL BANQUET SUCCESS

Fifty Alumni Present. Inspiring Toasts Given By President and Others.

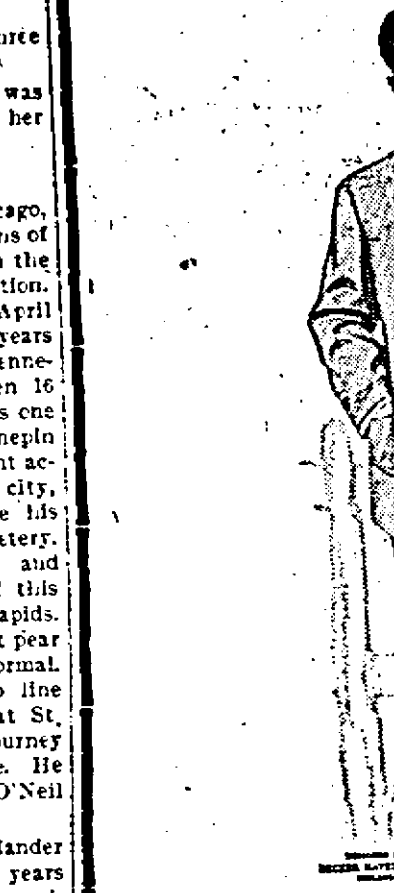

(Continued from first page)

fact that our High school is still comparatively young has something to do with the lack of this spirit. College spirit is the product of a development it requires many years for it to become highly developed. Therefore, each of us as Alumni should see to it that he or she does his part in fostering a Rhinelander spirit. In order to do this successfully we need to make much of our annual banquets and become enthusiastic in making them most pleasurable events.

It is true that we have this spirit slightly developed, but is so little in evidence that it reminds one of a story told of another little girl pupil. The teacher had been reading to the Language Class a description of a bear, and asked the class to reproduce it, each in his own language. In the description read by the teacher one should also examine the careers of the Alumni, and become acquainted with their achievements. If a considerable number of the Alumni of a school make fine records as they get out into actual life, and if a FEW of them establish BRILLIANT records, this of itself is sufficient to render any school famous and give it unusual standing in the educational world. Let us hope that EVERY alumnus of our High school shall achieve respectable success, and that at least a FEW shall win renown. The opportunity lies before each one. As to whether this ideal shall be achieved depends upon the METAL of the individual.

Another matter which ought to be emphasized at this time is the need of a stronger RHINELANDER SPIRIT. That, which in colleges is known as "college spirit" we need to talk of. "The bear has no tail to speak of." One little girl in writing this part of the description used the following sentence: "The bear has a tail but we mustn't speak about it."

There is such a thing as a Rhinelander Spirit, but "we mustn't speak about it."

## SENSATIONAL RACES 4

The Fastest Aviator, the Fastest Auto Driver and the Fastest Horse, Pitted Against Each Other

Every city of much consequence in the county will have aviation meets this summer, but Minneapolis and St. Paul have taken the lead with a program of events that are not only sensational in the extreme, but unique.

Glenn H. Curtiss, king of the air, with his new model machine, Barney Oldfield, with his great 200 h. p. Benz car, with which he has made a mile in 26 seconds, and Minor Hefr, the fastest harness horse in the world, will compete at the same time, the horse on the half-mile track, the auto on the mile track, and the aeroplane above them. The race is symbolical of the past, present and future of racing, bringing together in a single event, the champions of each class of locomotion.

There are to be four big days of racing, beginning with Wednesday June 22. Accompanying Curtiss will be Charles K. Hamilton, holder of world's records for gliding and slow flying, Chas. F. Willard holder of the record for accurate starting and landing, and J. C. Mars, another sensational professional flyer. There will also be amateur aviators, among them Clifford F. Harmon, the wealthy aeronaut and aviator. Besides Oldfield with his Benz car, Kischler, with his Darracq 100 h. p. car add Ray Arpoun, the Marmion driver, are to go against world's auto records on a circular track. Oldfield is also to drive his car twice around the mile track while Curtiss flies over a two mile course. There will be motorcycle races in addition. The state fairgrounds, located between the Twin Cities, furnish splendid accommodations for such a meet, which it is anticipated will attract crowds that equal those of the state fair.

Monster Hallbut. A 400-pound hallbut was recently displayed in London.
